PRATTLE OF THE YOUNGSTERS.

A Cleveland man who loves the folklore stories of Joel Chandler Harris and has taught his little girl to love them, reports the Plain Dealer, told the child last Sunday that "Uncle Remus" was dead. He noticed a little later that the child

was unusually quiet. Presently be called to her. 'What is it, deario," he naked; "what's othering you?" "It's 'bout Uncle Remus, daddy," she

answered, and there was a little catch in her voice; "I was des thinkin' how awful sorry Br'er Rabbit must be!"

The country school mistress sent word to the school that, owing to an attack of ness, the would be compelled to dismiss classes for the day.

Toward evening she was pleased to re ive a large bouquet of wild flowers from class, and was giving vent to graceful each for this thoughtful manifestation of sympathy, while she undid the wrapper. when this note fell from it: "Teacher, stay ill tomorrow, too, and

we'll send you another bunch,"

CRAIN AND PRODUCE MARKET

Weather Continues to Rule and Conditions Are Better,

NORTHWEST GETS PRESENT HELP

Foreign and Domestic Demands Are Improved and Stocks Are Light-Big Cash Contest Expected.

OMAHA, July 18, 1998.

The situation continues to be a weather proposition, with conditions somewhat improved. The northwest, which has been suffering most from lack of moisture, has been relieved for the time being.

Foreign and domestic demands have improved and stocks are light and a big squabble is looked for in the cash stuff.

The wheat market was steady to some stronger in the early trades, but weakened slightly later with the weak provisions market and a tendency to hold off for the opening next week. July wheat opened at \$72 c. Corn opened steady, but eased off later with wheat and provisions and became a listless and uninteresting market. Cash corn sold steady, with values about the same and demand was good. July corn opened at 74 c and closed at 72 c. Primary wheat receipts were \$48,000 bushels against receipts last year of \$67,000 bushels, against receipts were \$34,000 bushels and shipments were \$34,000 bushels and shipments were \$34,000 bushels and shipments were \$34,000 bushels against receipts were \$34,000 bushels against receipts were \$34,000 bushels are stocked. The conditions somewhat improved in the other ward over the central valleys, attended by generally clear weather, and the outlook is favorable for fair weather in this vicing to favorable for fair weather, and the outlook is favorable for fair w OMAHA, July 18, 1908.

and shipments of 414,000 hushels.

Corn receipts were 334,000 bushels and shipments were 519,000 bushels, against receipts last year of 556,000 bushels and shipments of 307,000 bushels.

Clearances were 1000 bushels of corn, 700 bushels of oats and wheat and flour equal to 129,000 bushels.

Liverpool closed 4,000 higher on wheat and unchanged on corn.

Seaboard reported 800,000 bushels of wheat and 56,000 bushels of corn taken for export.

Pair and Warmer Sunday, Says the Official Prophet.

OMAHA, July 18, 1978.

The barometric depression overlying the upper valleys during the last forty-eight hours has continued slowly eastward and now overlies the lower lakes and St. Lawrence valley. Showery and unsettled weather continues with the depression and a generally cloudy condition prevalls east of the Mississippi river this morning. A cool wave has succeeded the depression over the central valleys and temperatures are lower everywhere from the Mississippi river west into the mountains. The western area of high pressure is moving eastward over the central valleys, attended by generally clear weather, and the outlook is favorable for fair weather in this vicinity tonight and Sunday, with warmer Sunday.
